

JOB POSTING

Position: Athletic Field Painter

Summary

Do you hate the idea of sitting at a desk all day? Do you want to work outside in a sports-related industry for a dynamic and growing team? Are you a sports fan?

Field Lining and Painting Services is in search of our next athletic field painter. Our painters are the backbone of our business. They work outside, travel to client sites and establish or repaint sports fields including soccer, football, lacrosse, field hockey, custom logos, etc.

No experience necessary. Our Athletic Field Painters will be trained to operate our fleet of GPS field lining robots, as well as our commercial sprayers, resulting in consistent, straight, crisp, square lines and artwork for our clients.

We are looking for motivated, entrepreneurial individuals interested in independent work, who are not afraid of long days, share our passion for sports and rather be outside.

Benefits

- \$20/hour
- Flexible Schedule
- Potential to grow into a full-time career
- Expansion and growth opportunities in new markets
- On the job training: paint products, robots, sprayers, establishments, and more

Requirements

- Basic understanding of geometry; a driver's license; eligibility to work in the US; Flextime/Part-Time with some long days of painting in our busy seasons; good physical condition; GED required, must pass a background check.

Responsibilities and Duties

- Workers will meet at the beginning of each workday at the office in Yorklyn, DE to prepare for daily jobs, which are completed within a few hours' drive across eastern PA, DE, NJ, MD, NY and DC. Work van provided.
- Clock in and out of our mobile app to track hours, as well as time on each job site.
- Mix and apply paint to various athletic surfaces including natural grass and artificial turf
- Learn to accurately measure and establish athletic fields including football, soccer, lacrosse, field hockey, rugby, ultimate frisbee, flag football, javelin, discus and more.
- Responsibility for ensuring that the fields are painted accurately and professionally at every job site, and to client provided specs where applicable.
- Ability to communicate clearly and directly, in English, with clientele via phone, text or email as necessary to complete and/or fix jobs accurately.

- Operate, maintain, and clean, at the conclusion of every job, all field painting machinery to ensure equipment remains in satisfactory working condition
- Immediately correct and fix any errors, as necessary to client's satisfaction
- Take photographs at the conclusion of every job as proof of completion for clients.
- Complete the assigned jobs, usually 2-3 per day, which means the workday ends when the work is completed. Workdays are flexible and generally range from 6-10 hours based on daily contracted work.
- Meet and exceed our Customer Satisfaction goals and metrics, while working diligently and efficiently.

Qualifications and Skills

- Ability and familiarity with general machine maintenance
- General understanding of field lining paints, machines and use
- Ability to communicate clearly on the phone, via text and in-person with clients
- General Problem-Solving skills
- Desired Personality Traits: energetic, communicative, hard-working, interested in growing the business and getting paid for their work

To Apply

Email your resume to Scott Ely at scott@fieldlining.us. (Optional) Include a cover letter as to why you're interested in this work and our business.
